## FOUNDER OF ROTARY

*Service above Self*

**Paul P. Harris 1869-1947**

**Born 19-Apr-1868 Died 27-Jan-1947**

Paul P. Harris was born at Racine, Wisconsin, USA on April 19, 1868. A man with varied experiences, he received the Bachelor of Physical Culture and LL.D. degrees from the University of Vermont and the LL.B. degree from the University of Iowa. He was later awarded a honorary Ph.D. in 1933 by the University of Vermont.

He worked as a newspaper reporter, a business college teacher, a cowboy and a salesman for a marble and granite concern, before finally settling down in Chicago as a lawyer in 1896. In July 1910 he married Jean Thompson, a Scottish girl and a co-member of the Chicago prairie club.

The first Rotary Club was formed on February 23, 1905 by Paul Harris with Sylvester Schiele - a coal merchant, Gustavus Loehr - a mining engineer and Hiram Shorey - a merchant tailor, to bring together business and professional men in friendship and fellowship. This first club meeting formed the nucleus for the thousands of Rotary clubs that were later organised throughout the world. These new clubs were called "Rotary" because members met in rotation in their various places of business.

Paul Harris was elected President in the First Rotary Convention for the year 1910-11. He was then re-elected

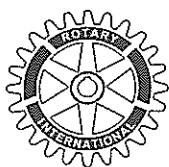

President for 1911-12 of the National association of Rotary Clubs. Their bulletin came to be known as "The National Rotarian."

Elected President Emeritus of Rotary International in 1912, he was active in Rotary until his death on 27-Jan-1947.

## RI PRESIDENT MESSAGE

Dear Fellow Rotarians,

In our world today, millions of people subsist in abject poverty—their stomachs empty and their hearts filled with despair. In the world's poorest countries, men and women literally wear rags because they own no clothes. Children run naked, their emaciated bodies a testament to malnutrition. Without access to health care or education, disease and ignorance fester and another generation grows up without hope for a better life.

This grim scenario is not uncommon throughout the developing world—a fact that many Rotarians know well. For years, Rotary clubs and districts have tackled the enormous problems found in places where people do not have enough food, clothing, or shelter—let alone clean water, schools, and clinics.

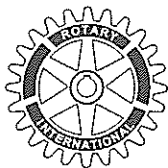

Most Rotarians have the good fortune to live in relative comfort, but in today's global village, the effects of wars, famines, and natural disasters can travel without restraint to all parts of the planet, blocking the path to a peaceful world. Because it is despair arising from poverty that ignites and fuels so much of the world's conflict, we Rotarians must first provide hope if we are ever to achieve our ultimate goal of peace in 2003-04, I will be asking Rotarians to face these challenges and make the alleviation of poverty their number-one aim.

In 2003-04, RI will launch a Twin Clubs project as part of the Rotary Centennial celebration. This provides an ideal opportunity for clubs to join together to abate the misery that poverty produces in our world. Through World Community Service and Rotary Foundation Humanitarian Grants, we can work across oceans and borders to relieve suffering and bring hope, stability, and new opportunities for peace.

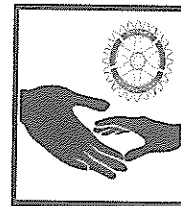

To guide us on our path of service in 2003-04, I am asking all Rotarians to *Lend a Hand*. This is a simple theme, but one that I believe eloquently captures the essence of Rotary service. As Rotarians, we routinely *Lend a Hand* to our communities and to the world. We *Lend a Hand* to our fellow Rotarians, those who are members of our club and those abroad who need help in tackling problems in their community. Sometimes this simple gesture is all that is needed to transform a person's life. In other cases, one hand can become many, as Rotarians work together to eradicate polio, raise literacy levels, provide low-cost shelters, resolve conflicts, and alleviate suffering for thousands of people. It is in our Rotarian nature to offer help wherever it is needed, and in 2003-04, I will ask Rotarians to actively seek out even more opportunities to *Lend a Hand*.

Let us begin the 2003-04 Rotary year with our hands outstretched, ready to help our brothers and sisters in need. Working together, there is no limit to what the helping hands of Rotary can accomplish.

## ROTARY CLUB OF PATAN

### PRESIDENT'S MESSAGE 2002/03

On the happy occasion of the 18<sup>th</sup> Installation Ceremony of our Club, I wish to offer my heartiest congratulations and best wishes to our incoming President Siba Bhakta Rajbhandari and his new team of able office-bearers that have the responsibility of steering our club more vigorously for the Rotary Year 2003-2004 by "Lending a Hand" to strengthen the Rotary Movement in Nepal.

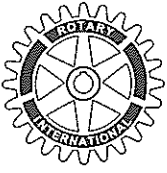

As the President of the Club for the year 2002-2003, I wish to express my sincere gratitude to the members of my executive team for their steadfast support to me and for their tireless efforts to build a firm foundation for our Club. I would also like to thank all the members for their unflinching cooperation which has made my task so much the easier.

This year we have spent a lot of time and put in a great deal of effort in successfully winding up our outstanding projects and in acquiring many new matching grants by sponsoring a number of new projects. We also have made notable progress in fields such as improving regular attendance, retention of the membership and membership drive. It was really a challenging task. Through our experience, we have learnt to face and overcome many of the hurdles in the way and are now poised to move forward with greater dedication and confidence to the best of our ability to support the Rotary motto of "LEND A HAND".

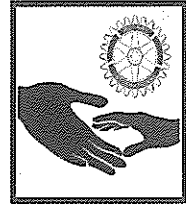

Once again, I wish the new team all success for the year 2003-2004.

## ROTARY CLUB OF PATAN PRESIDENT'S MESSAGE 2003/04

Dear Fellow Rotarians.

I am very honored to become the President of Rotary club of Patan. I say this for two main reasons- firstly the Rotary Club of Patan is one of the clubs that is already well known for its various community based programs, and secondly because I see great potential among the members to make the club even more well known in all of Nepal.

Our new world leader Jonathon B. Majiyagbe has challenged us to work with his theme "Lend a Hand". To me it is a theme that is ideal for us, given our history of community support such as through guthis. This year, in addition to continuing key projects, we will be "lending a hand" to children and their families, to ensure that children (especially out of school children and girls) get the opportunity of a life time-education, including computer education; health related activities will also get our priority.

I vision a club whose members are active in their own fields, as individuals as well as Rotarians. Our Rotary Club of Patan needs to challenge itself even further this year to ensure that we, our families, and our communities are proud of us.

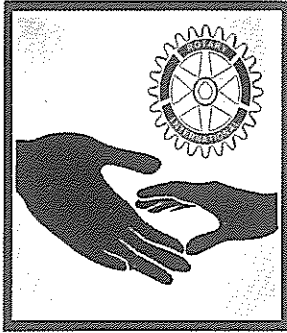

Finally, I am confident that with the support of all members, all executive board members and past presidents, we can together successfully accept the challenge to "lend a hand" to those who are in need and to each other.

Wishing you all an invigorating and successful Rotary Year.

Yours in Rotary,

## Definition of Rotary

**"Rotary is an organization of business and professional persons united worlds-wide who provide humanitarian service, encourage his ethical standards in all vocations and help build goodwill and peace in the world." These 31 words are worth remembering when someone asks, "What is a Rotary Club?"**

## Editorial

This is the souvenir issue of the Rotary Club of Patan's weekly bulletin "Lalitdhara", being published on the occasion of the 18<sup>th</sup> Installation Ceremony of the club. On the 10<sup>th</sup> of February this year "Lalitdhara" published its 500<sup>th</sup> issue—an achievement we can be justifiably proud of and for which the sole credit goes to our club's senior Rtn. Kamal Mani Dixit.

"Lalitdhara" comes out every week with news and information about RCP's activities as well as with other relevant Rotary news. Over the years, it has helped our club members keep themselves abreast of the club's activities in a simple, precise and compact format.

Being a souvenir issue that sees the light of the day only once in a year, it cannot be, understandably, so compact. Over the course of a year, a number of events and activities take place. Ongoing projects reach different stages, some getting completed. New projects are either planned or undertaken. New faces appear. New events take place. This souvenir issue attempts to record and report all of these events and activities in as precise a manner as possible. Also, as a Rotary publication, we deem it our duty to project, promote and propagate Rotary's ideals and activities as well as some of its rules. Hence some information about Rotary, even at the cost of being repetitive, is also included.

The Rotary Club of Patan, for many years now, has established itself as one of the foremost clubs in the country. Let us keep up our good work and retain our goods name.

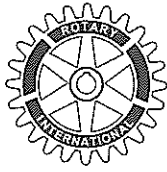

All the clubs and fellow Rotarians in Nepal have one great desire that is to have a separate district for Nepal. This goal seems to be coming nearer in the recent months. Let all of us try our best in the days to come to come to realize this goal so that when next year the souvenir appears, we would have got a separate district of our own.

Many thanks to all those who have contributed articles for the publication and also to the advertisers and the printers for their help and support. My deep gratitude to my colleagues in the Editorial Board for their valuable advice and guidance not to mention about the extra hand work they had to put in owing to my absence from the country at the time of the publication.

This club was inaugurated on 20th November 1958 by His late Majesty King Mahendra, the Patron-in Chief of Rotary club and was chartered on 28th June 1959. # National Human Rights Action Plan in NEPAL

- Rtn. Tirtha Man Sakya

## BACKGROUND

The Constitution of the Kingdom of Nepal (1990) guarantees protection of fundamental rights and basic freedom to all citizens. It aims at the promotion of social and economic equality, participatory governance and development, equality of opportunity and ensures the harmony among different sections of the population.

Yet, while there has been considerable improvement in conditions for human development during the last 12 years, poverty, illiteracy, marginalisation, unemployment and corruption remain major hurdles to the enjoyment of the universal human rights guaranteed under the Constitution.

Nepal remains one of the poorest countries in the world where poverty health and literacy indicate all the challenges that face His Majesty's Government of Nepal (HMG/N) in improving access to economic and social rights. Problems still remain with civil and political rights. By raising the awareness and expectations, the perceived denial of opportunities can often lead to social tensions and violence. Local people are often the victims of violations of civil and political rights.

The National Human Rights Action Plan (NHRAP) is a follow up to the UN World Conference on Human Rights in Vienna in 1993, which called on the Governments of all States to develop national plans of action to enhance the observance of human rights. In mid 1999 following a UN-sponsored workshop on National Human Rights Action Plans, the Ministry of Foreign Affairs proposed to formulate a NHRAP in order to identify steps whereby Nepal will improve its respect, promotion, protection and fulfillment of human rights in a strategic and systematic way. The United Nations Development Programme (UNDP) offered to assist Nepal with its formulation of the Action Plan under the HURIST project, a Human Rights Strengthening Project which is a joint initiative of UNDP and the Office of the High Commissioner for Human Rights (OHCHR). The Ministry of Foreign Affairs announced Nepal's decision to proceed with such a project at the UN Commission on Human Rights in Geneva in April 2000.

## FORMULATION OF NHRAP

The formulation of a NHRAP for Nepal has the objective of developing a broad mechanism whereby individuals and sectors of the country are accorded equal treatment under the law, equal opportunities and protection to enjoy their rights. It aims to enhance all the individuals' talents and skills, which will enable them to participate in the country's political, economic,

social and cultural development. The NHRAP seeks to launch a resolute action plan with specific action strategies for specific sectors. As per the participatory approach of NHRAP and in order to facilitate and organize contributions of the various sectors, 12 thematic groups have been identified.

1. EDUCATION & CULTURE
2. HEALTH
3. ENVIRONMENT & DEVELOPMENT
4. INDEGENOUS PEOPLE & DALITS
5. WOMEN
6. CHILDREN
7. LAW/LEGISLATION
8. JUDICIARY
9. PRISON
10. LABOUR
11. CONFLICT MANAGEMENT
12. INSTITUTIONAL STRENGTHENING

In general, the practice is that each individual government determines its own modalities, specific content and focus of its NHRAP. Approaches vary from developing the Plan with input from other governments, inter-governmental organizations, NGOs, academic institutions and the private sector. In all cases, the idea of NHRAP is a collective effort, involving government (at various levels) and civil society in the consultative planning process and in the implementation of NHRAP.

As for Nepal's formulation of a NHRAP, it has throughout the last year been formulated through a broad consultative/participatory process. The draft NHRAP is therefore based on the opinions, suggestions and feedbacks given by representatives nation wide from a wide variety of sectors in the society including government agencies, local bodies, the private sector, the non-governmental sector, experts, lawyers, judges, academics, media-persons and the general public.

The final draft of NHRAP which is soon to be launched is a broad and comprehensive document that identifies the major future challenges related to Human Rights in Nepal and recommends actions / programs for twelve thematic sector as mentioned above.

## DEVELOPMENT OBJECTIVE OF NHRAP

The NHRAP aims to address all rights in the human rights framework – civil, cultural, economic, political and social – in an integrated and methodical manner. A significant aspect of NHRAP is its integration with the Tenth five Year Plan and it's thereby support to the poverty alleviation through focus on economic and social rights.

*The development objectives of NHRAP are as follows:*

- Making further explicit HMG/N's commitments to the achievement of human rights.
- Developing programs specifically directed towards the alleviation of the human rights situation of vulnerable groups in Nepali society.
- Integrating human rights in Nepal's development plans.

- Increasing the awareness and understanding of rights throughout society through ownership of the plan by all sectors.
- Mobilizing domestic and international resources in favour of the promotion of human rights.

### **BENEFICIARIES OF NHRAP**

The ultimate beneficiaries of the NHRAP will be the people of Nepal, in particular, women, children, the poor and other disadvantaged groups of the community. By improving awareness on human rights, developing strategies and programs towards the improvement of the human rights situation in Nepal, the NHRAP will make a positive contribution to the evolution of a human rights culture in the country.

### **E. IMPLEMENTATION AND MONITORING OF NHRAP**

Many concerns were raised both at the local, regional and national level, in course of formulation of NHRAP, concerning its implementation. In order to assure to the public that NHRAP will not be left at the bookshelves and to give confidence to every Nepalese that action will be taken in the field of human rights by HMG/Nepal, it is essential to ensure implementation of the recommendations made through NHRAP

The actions outlined in NHRAP and covered by the tenth five year plan will be implemented by HMG/N as provided for in the plan, with due consideration to the related human rights conventions and its provisions to be followed by the state parties. However, for the implementation of other actions outlined in NHRAP the local bodies must be strengthened and made effective. For this the local bodies must be empowered with all the authority including legal authority in accordance with the Local Self Governance Act, 1999. The community and user's groups must be brought in the mainstream of the local development work. Similarly National Women Commission and National Dalit Commission must be established under legislation and Central and District Child Welfare Boards under the Children Act, 1992 must be made very effective. In addition to that, some new institutions may require to be established and the existing ones strengthened.

Nepal has already ratified 16 of the principal instruments related with the human rights and is in the process of considering adherence to some more. However, the implementation of the provisions of these instruments and fulfillment of the obligations under these instruments is not satisfactory, therefore to recommend and coordinate the action to be taken by the different ministries and departments for fulfillment of obligations including reporting and effective implementation of the provisions of those instruments, a human rights division shall be established in the Ministry of Law, Justice and Parliamentary Affairs as it is the depository of all international instruments to which Nepal is a party.

It is also important to revise and make necessary laws as required by ratification of different conventions and Section 9 of

the Nepal Treaty Act 1990 which places the provisions of the conventions to which Nepal is a party superior to the provisions of laws of Nepal to the extent of incompatibility and mandates the government to make the laws in line with its commitments to obligations accrued by virtue of being a signatory to the conventions. For this, the Ministry of Law, Justice and Parliamentary Affairs and Nepal Law Reform Commission must be strengthened.

Similarly, for raising awareness of human rights throughout the country, NHRAP may require the government to introduce human rights education in the schools and conduct regular training and orientation programme on human rights for the persons related with the law enforcement. For this purpose all training centers / academy of His Majesty's Government including Nepal Administrative Staff College, Judicial Service Training Center, National Police Training Academy and newly established human rights cell in Royal Nepalese Army, Ministry of Home, Armed Police and Nepal Police Force must be strengthened and National Judicial Academy may be established. And for the efficient management and development of necessary facilities in the prison the department of Prison Management under Home Ministry must be strengthened

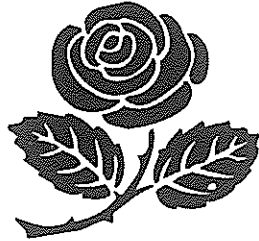

To coordinate between the government agencies to carry out all the activities as per NHRAP, a human rights unit or cell may be established in the Cabinet Secretariat and the National Planning Commission, National Human Rights Commission, Human Rights Organizations and Civil Society shall play a very important role for implementation and monitoring of the NHRAP.

### **Conclusion**

For a country like Nepal, implementation of NHRAP is not free from challenges. While people's socio-economic conditions and low literacy percentage are challenges on the one hand, on the other are problems relating to adequacy of resources and effectiveness of implementation mechanism. However, since NHRAP is a national and people's programme of action, its success largely depends on a collective commitment, will and effort of all of us. In this process, the support and cooperation of all concerned sectors of the society and our foreign development partners is equally important.

In order to coordinate and ensure adequate implementation and monitoring of NHRAP in the various Ministries, Department and other sectors of the Government, in addition to ensure funding for the activities the creation of a Human Rights Implementation and Monitoring Committee under the chairmanship of the Chief Secretary of HMG/N and consisting of the Secretaries of National Planning Commission, Ministry of Finance. Ministry concerned with the activities, National Human Rights Commission and representative of UNDP within the Cabinet Secretariat or Prime Minister's Office is recommended.

*Following are some Rotary key messages you may use in your PR materials or during a media interview:*

- Rotary is a global network of community volunteers.
- Rotary works to improve the quality of life for all people.
- Rotary exists to do good in the world.
- Rotary is an international service organization of 1.2 million business and professional men and women who, as volunteers, address needs of their home and international communities.
- Rotary initiates local and global service projects to promote world understanding and peace and improve the life conditions for people of all ages and cultures. An example is PolioPlus through which Rotary is working to eradicate polio by 2005.
- Rotary's strength lies in the volunteer service of its membership, an international network of business and professional leaders implementing a wide range of programs to meet human needs.
- Rotarians are men and women of integrity who represent a cross-section of business and professional backgrounds. As volunteers of all ages, they work to meet community and international concerns.
- Rotary's strength is that it is both international and local. For example, today's critical problems, such as health and sanitation, hunger, and environmental deterioration, must be addressed at local levels. With more than 30,000 clubs in 163 countries, Rotary is ideally suited to address such problems.

### Declaration of Rotarians in Businesses and Professions

- Do all in my power to dignify my vocation and to promote the highest ethical standards in my chosen vocation;
- Be fair to my employer, employees, associates, competitors, customers, the public, and all those with whom I have a business or professional relationship;
- Recognize the honor and respect due to all occupations which are useful to society;
- Offer my vocational talents: to provide opportunities for young people, to work for the relief of the special needs of others, and to improve the quality of life in my community;

- Adhere to honesty in my advertising and in all representations to the public concerning my business or profession;
- Neither seek from nor grant to a fellow Rotarian a privilege or advantage not normally accorded others in a business or professional relationship.

### A Model Rotarian

Have you ever wondered what a Rotarian is like? Would I like to be one?

There are 1.3 million Rotarians of record in the world. And they are all different in many ways. But we can construct a model from the documents we all agree to support when we join the organization.

#### From the Object of Rotary:

A model Rotarian is:

- a person who seeks friendships as an opportunity for service
- a person with high ethical standards
- a person who recognizes the worth of every occupation and its potential for serving society
- a person who practices the ideal of Service Above Self in personal, Community and business life
- a person who seeks to advance international understanding, goodwill and peace through Rotary and through business and professional connections

#### From the Four-way Test

A model Rotarian is:

- a person who tells it like it is
- a person who is fair
- a person whose words and actions benefit others
- a person whose words and actions create good will

### RI Board Decisions Feb 3-7, 2003

The Board introduced more flexibility into its criteria for districting. The RI Districting Committee will now look with favor upon proposals for the creation of additional districts with at least 60 clubs and/or 2,100 Rotarians that demonstrate a potential for growth to a least 75 clubs and 2,700 Rotarians in the next ten years. In reviewing districting proposals, the committee will also consider the following: the development of leadership, district governance, training, cultural and ethnic factors, the geographical distances involved, as well as financial and economic conditions.

Noting that few districts have agreed to consolidate in recent years, the Board approved additional incentives for district consolidation. The savings that accrue to RI from the merging of particular districts will now be allocated to the service projects of the newly merged district for a period of two years. Consolidated districts will receive prominent coverage in major Rotary publications and district leaders will be suitably recognized.

## A BRIEF HISTORY OF ROTARY

The world's first service club, the Rotary Club of Chicago, Illinois, USA, was formed on 23 February 1905 by Paul P. Harris, an attorney who wished to recapture in a professional club the same friendly spirit he had felt in the small towns of his youth. The name "Rotary" derived from the early practice of rotating meetings among members' offices.

Rotary's popularity spread throughout the United States in the decade that followed; clubs were chartered from San Francisco to New York. By 1921, Rotary clubs had been formed on six continents, and the organization adopted the name Rotary International a year later.

As Rotary grew, its mission expanded beyond serving the professional and social interests of club members. Rotarians began pooling their resources and contributing their talents to help serve communities in need. The organization's dedication to this ideal is best expressed in its principal motto: Service Above Self. Rotary also later embraced a code of ethics, called The 4-Way Test, that has been translated into hundreds of languages.

During and after World War II, Rotarians became increasingly involved in promoting international understanding. A Rotary conference held in London in 1942 planted the seeds for the development of the United Nations Educational, Scientific, and Cultural Organization (UNESCO), and numerous Rotarians have served as consultants to the United Nations.

An endowment fund, set up by Rotarians in 1917 "for doing good in the world," became a not-for-profit corporation known as The Rotary Foundation in 1928. Upon the death of Paul Harris in 1947, an outpouring of Rotarian donations made in his honor, totaling US\$2 million, launched the Foundation's first program — graduate fellowships, now called Ambassadorial Scholarships. Today, contributions to The Rotary Foundation total more than US\$80 million annually and support a wide range of humanitarian grants and educational programs that enable Rotarians to bring hope and promote international understanding throughout the world.

In 1985, Rotary made a historic commitment to immunize all of the world's children against polio. Working in partnership with nongovernmental organizations and national governments through its PolioPlus program, Rotary is the largest private-sector contributor to the global polio eradication campaign. Rotarians have mobilized hundreds of thousands of PolioPlus volunteers and have immunized more than one billion children worldwide. By the 2005 target date for certification of a polio-free world, Rotary will have contributed half a billion dollars to the cause.

*First board meeting of Rotary International*

As it approached the dawn of the 21st century, Rotary worked to meet the changing needs of society, expanding its service effort to address such pressing issues as environmental degradation, illiteracy, world hunger, and children at risk. The organization admitted women for the first time in 1989 and claims more than 90,000 women in its ranks today. Following the collapse of the Berlin Wall and the dissolution of the Soviet Union, Rotary clubs were formed or re-established throughout Central and Eastern Europe. Today, 1.2 million Rotarians belong to some 30,000 Rotary clubs in more than 160 countries.

## Conventions hold key place in Rotary history

When 60 Rotarians from 14 Rotary clubs came together in Chicago, Illinois, USA, in August 1910, they started the tradition of a yearly meeting - one that now draws 15,000 to 30,000 participants from more than 100 countries. In addition to establishing the National Association of Rotary Clubs, the delegates to the first Rotary convention also began the time-honored custom of closing the convention by singing "Auld Lang Syne."

The first 11 conventions were held in the United States, but since the 1921 meeting in Edinburgh, Scotland, the convention has moved around the world, finding a warm welcome in 55 cities in 21 countries. The United States has hosted 58 conventions, 6 of them in Chicago, Rotary's birthplace. Six conventions have been held in Canadian cities, and Mexico and France have hosted four each.

Over the years, the number of convention goers has grown dramatically. In 1978, the RI Convention in Tokyo set a standing attendance record of 39,834 that many Rotarians are hoping will be broken at the centennial convention in 2005. But size is only one factor that makes a Rotary convention great. For example, the 16,000 Rotarians who gathered in Philadelphia, Pennsylvania, USA, in 1988 will never forget the exuberant celebration following the announcement that Rotarians had almost doubled their fundraising goal for PolioPlus.

In the early days, all important Rotary business was conducted at the convention. As Rotary grew, the triennial Council on Legislation became the organization's chief legislative meeting, and speeches and entertainment took center stage at the annual meeting. For most Rotarians, however, international fellowship is the convention's primary drawing card, and next month, thousands of members will enjoy that unique experience in Brisbane, Queensland, at the 94th RI Convention, the third to be held in Australia.

The 'average' Rotary club According to a recent Rotary International demographic survey, Rotary clubs worldwide have an average of 47 members, of whom 13 percent are women, 51 percent are between the ages of 40 and 59, and two-thirds have been Rotarians for six or more years.

The global composite varies by area:

Region	Club size (average)	Women	Largest age group	Rotarians 6+ years
Africa & Europe	43	7%	50-59	70%
Asia	53	6%	50-59	63%
Australia & Pacific	35	11%	50-59	67%
Britain & Ireland	35	5%	60-69	75%
Canada & USA	58	20%	50-59	60%
Latin America	24	15%	40-49	55%

The survey, sent to 10,500 Rotary clubs worldwide, had a 30 percent response rate.

## Digital Divide Project

- Rtn. Siba Bhakta Rajbhandary

The world today is divided between the 'haves' and 'havenots' not only by wealth but by a growing number of separations, including the access to knowledge and information which is provided through information technology –known as the *digital divide*. (While basics such as knowledge of the English language and the technical know-how of using computers are partly the cause of this separation, the heart of the "divide" lies in the financial expense of obtaining computers. Despite the world today becoming a global village, people in the south are deprived of the benefits in the development of information technology.) For most in Nepal, a computer is still a luxury. For children in public schools, the computer is in many cases just a word, which exists in books or in pictures. The Government has introduced computers as a subject in the curriculum and it is an optional 2 subject in class 9 and 10, but the schools are yet to receive any computers from the Government. We have started a project to challenge this digital divide.

This project was initiated parallel to the request to Dr. Bibek Pradhan of the Rotary Club of Mansfield. Rtn. Tulsi Maharjan of Rotary Club of Branchburg, New Jersey, USA District 7510 had expressed keen interest in supporting the project and started a fund raising campaign. In June 2001, I visited the Branchburg Club and also met with the District Governor. These meetings at Branchburg have been one of the most productive ones for me to date. They have resulted in the realization of the Digital Divide Matching Grant project and an annual contribution of \$ 500 from Rotary Club of Branchburg for our Scholarship project. The Matching Grant was approved to help provide 35 to 40 computers for public schools in Patan. Total funding available now is as follows:

Source	Amount
Rotary Club of Branchburg	\$ 7,200
District 7510	\$ 2000
<i>Rotary Club of Patan</i>	\$ 1000
Rotary Foundation	\$ 6100
<b>Total</b>	<b>\$ 16,300</b>

The computers are being purchased locally. Competitive bidding has enabled us to procure 43 computers, as against 35 to 40 computers originally foreseen. Under this programme, computers are being provided to 13 schools with which we have a scholarship programme and have demonstrated capacity to make full use of the computer(s). One computer each in the schools will be fitted with an internal modem and CD-ROM. In addition, one printer and one volt guard each also will also be supplied to the schools.

Fortunately for us, 27 computers have also been received from UK about the same time, as has been stated by PP Pushkar Shakya in his article. We thus have a total of 70 (43 plus 27) computers which will be distributed at a special ceremony on 28 July 2003.

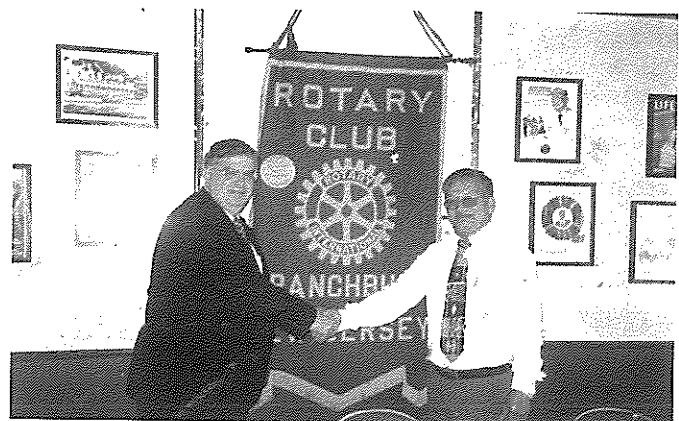

*The computers will be distributed as follows:*

Name of school	No. of computers provided
1. Saraswati, Thecho	5
2. Udaya Kharka	4
3. Sri Krishna, Dhapakhel	4
4. Mahendra Adarsha, Imadol	4
5. Siddhi Mangal, Sana Gaon	4
6. Kitini, Godavari	5
7. Mahendra Bhrikuti, Ekanta Kuna	4
8. Adarsha Saul, Bungamati	4
9. Rudrayani, Khokana	5
10. Adarsha Kanya Niketan Mangal Bazar	4
11. Adarsha Saral, Nagbahal	2
12. Bal Kumari, Sunakothi	4
13. Tri Padma, Pulchowk	5
14. Patan High School, Patan Dhoka.	16
<b>Total Distribution</b>	<b>70</b>

It is intended that these seventy computers will provide the missing opportunity for students (and perhaps teachers) to broaden their horizons to many areas, countries and people. The added facilities of using the email and Internet should expand the cultural exchange between these students in Nepal and other students around the globe. We plan for the project to truly enhance the learning and education of young people in the schools of Patan. By ensuring a majority of the schools are linked to our scholarship program, we will be working with schools familiar to us and will facilitate the monitoring of the computers' maximum use. The responsibility of monitoring this aspect of the project developing net working with outside world will be undertaken by the Rotract Club of Patan

*This Digital Divide project has received District 7510 Best International Project Award and also the Best Overall District Award. Rotarians of Branchburg are excited about the project and now plan to visit Nepal to see the project implementation and undertake its extension and expansion.*

Thanks are due to Rtn. Tulsi Maharjan of Rotary Club of Branchburg for the support that will help in narrowing the Digital Divide.

## Appeal to make Orthopaedic Hospital as a Full Fleaded Rotary Supported National Rotary Supported National Orthopaedic Hospital

Dear Rotarian Friends,  
Namaskar!

At the initiation of Dr. Anil Shrestha, I on behalf of Rotary Club of Patan would like to express some of my club's feeling about this Nepal Orthopedic Hospital.

स्व. खगेन्द्र बहादुर बस्नेतज्यूले सस्थापन गर्नु भएको खगेन्द्र नवजीवन कन्द्रमा नेपाल अपांग संघले प्रदान गरेको जग्गामा 3rd June 1993 मा Rotary International District 7090 का District Governor Roble MC Loed तथा काठमाडौं नगरपालिका तत्कालिन मेयर पि. एल. सिंह ज्यूले संयुक्त रूपमा सिलान्यास गरीएको यस हस्पितललाई मूर्त रूप दिन हाम्रा क्लबका Past President Dr. Bhiswa Prasai ज्यू को Vision तथा हाम्रै क्लबका अर्का सक्रिय सदस्य Late Nanda Ram Bhakta Mathema ज्यू को अथक प्रयास बाट निर्माण गरीएको सानो हस्पितललाई आज यस रूपमा देख्न पाउँदा को खुसी नहोला र ।

तर सुरुमा भौतिक पूर्वाधार मात्र खडा गरेर केही नहुदो रहेछ । हस्पितल भवन निर्माण सम्पुर्ण पुरा भैसकेको भएता पनि आवश्यक संचालन खर्च तथा प्राविधिक डक्टरहरुका अभावमा संचालन हुन नसकी त्यसै पदीरहेको यस हस्पितललाई डा. अनिल श्रेष्ठ जस्ता लगनशील व्यक्तिको पुरा संलग्नताले तथा Rotary Club of Maldegem, Belgium का Rt. Luc Salens र Rotary Club of Mount Baker, America का Jim Sinclaer को Financial Support ले मात्र गत २०५५ साल भाद्र १ गते यस हस्पितल संचालनमा आएको व्यहोरा सबैलाई जानकारी गराउन चाहन्छु ।

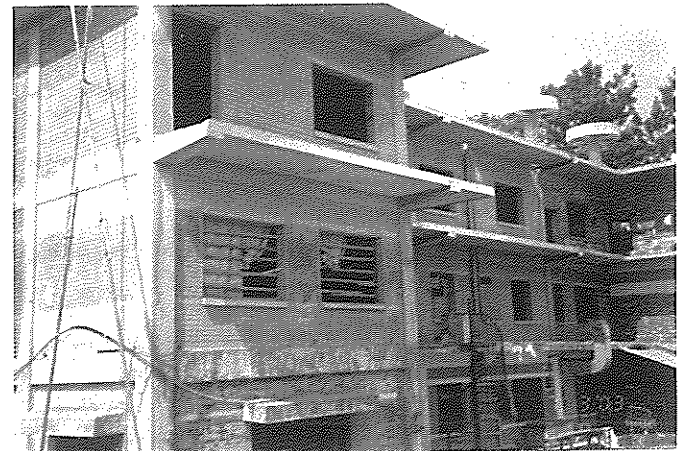

हस्पितल संचालन मा आए पछी Holland बाट नेपाल आई Trekking मा जाँदा पहाडमा Accident भएर लोकल बसको छतमा बसी यस Orthopaedic Hospital मा Admit भै केही महिना राम्रो Treatment पाएर खुसी भै आफ्नो मुलुकमा फर्की Voluntarily ठूलो मात्रामा Fund Collection गरी अनि सहयोग गर्ने Amsterdam, Netherlands की Fenna Snater तथा Mirjam Blow, यही हस्पितलमा Volluntary रूपमा अलि लगनशील भै कार्यरत रहनु भएका वरिष्ठ Dr. Pierre Soete, German Nepal Help Association, Foundation Help For Nepal, Nepal Disabled Association तथा विभिन्न अन्तराष्ट्रिय १० रोटरी क्लबहरु साथै

नेपालका Rotary Club of Patan र Lalitpur को सहयोग भएर नै आज यस हस्पितललाई यस स्थितिमा देख्न पाएका छ । Therefore I would like to thank them all and specially to the very active Rt. Lue Salen and his wife Ingrid Salen, who are fortunately present here to-day, who have been able to collect maximum Fund from diffeent International Rotary Clubs for this Hospital Luc Salens thank you very much from the core of my heart for your untiring and tremendous efforts to collect the fund for the construction of the second phase of this hospital.

हाल निर्माण भैरहेको रु. २ करोड ६ लाख लागतको Second Phase Construction वाहेक पनि हाल संचालनमा आइरहेको २६ Bedded Hospital भन्दै रु. ७ करोडको पुंजीको भैसकेको छ । आज आएर यस हस्पितलमा आफ्नै X-Ray Unit, Pathology Unit, आफ्नै Physiotherapy Unit, ३० Bedded Nurses Quaterc, कुरुवा घरको साथै Rotarian हरू कै सहयोग स्वरुप प्राप्त हुन आएको सायद अधिराज्य भरी कै सब भन्दा Powerful Incinator फोहर जलाउने मेसिन समेत स्थापना भैसकेको छ ।

Uptill now even being so far from the city this Hospital has been able to provide treatment to more than 20,000 outdoor patients, been able to performed more than 1600 operations and given free treatment to nearly 500 poor children and unprivileged needy people.

यहाँ एउटा के समरण गराउन चाहन्छु भने यी सब सहयोगहरु उपलब्ध गराउन र Rotary Interantioanl तर्फ बाट Matching Grant ल्याउन तथा World Community Service Project ल्याउन

Extension of Nepal Orthopaedic Hospital Building

जे जस्तो होस Rotary Club of Patan यस Hospital संग संधै संगै सहयोग गरी आएका छौं । तर यस सम्बन्धमा what I have come to know from other Rotary friends is that this project belongs to Rotary Club of Patan only so why should we get involved in it which i entirely disagree with and wants to make it clear that this is just a false impression of our Rotary friends.

Rotary Club of Patan ले सिरिफ Rotary कै Spirit मा संधै बाहिरकै मात्र भर पर्नु भन्दा यस Hospital लाई अन्तमा आत्मा निर्भर just to make this Hospital Self Supportive, and self Sufficient बनाउन को लागि हाल रु २ करोड ६० लाख को लागतमा निर्माण भैरहेको 2nd. Phase को भवनमा 65 Bedded Hospital with three modern operation theaters, 32 additional new private Beds with a provision of 12 Paediatric Beds for children, new outdoor unit, Infection ward, Administrative Block, Library, Conferance Hall etc. सहितको Hospital तयार गर्न कोशिश सम्म गरेका हौं ।

यस Nepal Orthopeadic Hospital Patn Rotary Club को सन्त्रियतामा सुरु गरेको भएता पनि Today I would like to request all the Rotarian Friends from the core of my heart to declare this Hospital from today as a Nepal Rotary Supported full fledged National Orthopaedic Hospital. And at the same time to make this dream into reality I once again would like to humbly request you all to be kind enough to support this project morally and financially. I do hope, you all the friends will definitely help me up in this venture.

अन्तःमा अन्य गैर सरकारी हस्पिटल, प्राइभेट नर्सिंग होम तथा निजी क्लिनिकहरूको ढाँजोमा साहै निम्न दस्तुर मात्र लिई गरीब तथा असाहय नेपाली जनता तथा विदेशी पर्यटकहरूलाई उपलब्ध गराई आएको सेवालार्इ हामीहरू ले प्रसंसा गर्ने पर्दछ । यसको लागि यस हस्पिटल परिवारका सम्पूर्ण स्वदेशी तथा विदेशी सदस्यहरूलाई हृदय देखिनै धन्यवाद दिन चाहन्छु ।

साथै यस नेपाल अर्थोप्याथिक हस्पिटललाई आज यस स्थितिमा ल्याउर संचालन गराई राख्न सक्नुमा मूल श्रय यस हस्पिटल संचालक समितिका सुरु देखिनै सक्रिय अध्यक्ष Proffessor Sanker Raj Pathak ज्यू लाई दिन चाहन्छु ।

र Nepal Disabled Association तथा हस्पिटल संचालक समितिका अन्य सम्पूर्ण सदस्यहरू लाई पनि सक्दो सहयोग गरी दिनु भएकोमा मूरी मूरी धन्यवाद दिन चाहन्छु ।

## Senior Citizens Home is open for Ageing People

- Rtn. Tulasi P. Neupane (Past President)

Rotary Club being a global organization providing support to the humanity in different avenue of services. Its one of the objectives is also very much concern to support aging people who are in problems of deteriorating health, loneliness, poor nutrition, lacking transportation facilities, inability to do customary work, loss of family associations, reduced recreational facilities, inadequate housing services and limited information about available social agencies for emergency services. In this contest, Senior Citizen's Home in Godawari is an unique initiation of the Rotary Club of Patan and Foerderkreis Hilfe Fur Nepal a Germany based NGO

This Home for the elderly people is situated 15 km away from Patan city. The building is situated in 29 ropancees of land with a panoramic beauty of nature combining of the jungle, farms, hills, mountains, villages, and the Himalayas. Now, the Home is open for residence to foreign and national citizens who are above the age of 65. In fact, it is a home and will provide the homely atmosphere. Rotary, being a non-profit organization, has considered the cost of fooding and lodging at the cost-to-cost basis.

This project is divided into three phases and the first phase has been completed with 16 double bed rooms with attached bath rooms, kitchen and dining, and health service center and the second and third phase master plan is ready for block B& C, when the fund will be available the remaining construction works will be initiated. The major components of the service areas are:

- to provide suitable accommodation to Senior Citizens who are economically well off but no help at home,
- to recognize and to utilize the expertise of the senior citizens in their respective fields of study and experiences for the humanitarian works closely associating with community and Rotary, so that they can be involved with the society in the respective service areas as per their wish,
- to provide accommodation to poor and deserving girl students from outside the Kathmandu valley, who wish to pursue higher education, and side by side residence girls will also be associated to support the SCH by doing part time work, and
- to support Kitini High School for upgrading its facilities for that 10+2 program and also can be upgraded the further higher classes.

Senior Citizen Home is managed by a Charity Trust registered in the Government. The Trust is constituted by the representation of three social organizations as Rotary Club of Patan, Ferderkreis Hilfe Fur Nepal and Citizen Charity Trust.

This project is based on the 4-way test, which are the ethical norms of Rotary as:

1. Is it the truth?
2. Is it fair to all concern?
3. Will it build friendships?
4. Will it be beneficial to all concern?

We Rotarians and the Trust are looking forward to well-come to the seniors to stay in this home and they will be benefited from 'service above self' motto of Rotary.

We extend our Best Wishes for the success of

## Prajapati Education Endowment Fund

- Co-ordinator Rtn Er. Narayan G Halwai

### Introduction

Prajapati Education Endowment Fund is a unique Rotary program of Rotary Club of Patan specifically initiated to serve the poor children. Currently, scholarships are provided to over 200 students a year. Scholarship amounting to just Rs 800 to 1500 a year is meant to supplement for the continuation of education of children from poor family. Students are selected in Class VI for scholarship and they continue to receive it till they pass out from school at Class X unless they failed in a class. This program is proud to mobilize Rs 2,228,782 as a trust fund and Rs 66,400 as annual contribution, bulk of it has been mobilized locally from Nepalese Rotarians.

Till date 540 school children, of which 57% are girl and 28% dalit students, in 40 public schools had received scholarship, name of the children and the schools are given in Annex A and B respectively. This year it has been awarded to 163 students in 20 schools and planned to distribute to 25 students each in Dukuchhap and Sunakothe VDCs. The fund has contributed Rs 78,000 towards Matching Grant contribution for Digital Divide Project, which will be distributing 43 computers to 13 public schools in Lalitpur District. Also provision has been made to support street children and destitute students.

### Humble Beginning and Remarkable Growth

The scholarship programme initiated in 1989 had a modest beginning in 1992 by distributing scholarships from interest earning of the Scholarship Fund. The growth of fund and number of students receiving scholarship are shown below. Currently schools in remote areas are not covered due to security reason.

### Monitoring Scholarship Program, 1999

A review of the programme was undertaken in 1999 with the participation of the grantees from a few schools, and their guardians and teachers with the initiation of Mr. Bihari Krishna Shrestha, then Rotarian and Coordinator of Scholarship Committee. The problems identified included a) difficulty in making regular payments to the grantees, b) uncertainty as to whether the most deserving were chosen for the grants, c) the lack of compulsion for the grantees to do better in studies and d) poor children who are not in school but need support are not covered by the program. In order to fine tune the fund's focus on poverty and achievement, the scholarship committee decided to launch a community-based initiative so that the grant could be exclusively targeted on children known to be poor and diligent while continuing the previous program.

### Community Based Approach – A Pilot Programme

The community based approach is a cooperative scholarship programme where the concerned VDC also contribute towards the education fund. This was discussed with Tikathali, Dukuchhap (through Rotary Voluntary Corps of Dukuchhap) and Chhampi VDC for possible matching contribution from VDC. With positive response from Chhampi VDC, we introduced a pilot program in 2000/01 in 2 Wards (1 and 7) and carried out surveys to identify poor students. Based on the survey, we distributed 65 scholarships to highest scoring poor students and set aside 15 for poor children who were out of school but could not be distributed.

The survey was carried out intensively in all nine wards of Chhampi VDC in late 2001. The survey revealed a total of 155 out of school children in the Chhampi VDC. It was discussed that most of out of school children are no longer present in the village and it is estimated that about 65 out of school children live in the village.

Based on the survey, funds available and discussion with VDC, we proposed to distribute 155 scholarships to highest scoring students in all 9 Wards of VDC and another 65 set aside for out of school children. The share of RCP would be Rs 190,000 and that of VDC will be limited to Rs 30,000.

The scholarship was distributed in Ward No 1 to 8 to 145 students who were selected by VDC and first installment of Rs 500 was distributed on June 30, 2002. Out of 145, girl student constitute 49% and lower caste and minorities bagged 42%. The VDC has agreed that they will manage to arrange for distribution of 10 scholarships to students

from Wards No 9 and 65 scholarships to out of school children by middle of July 2002. It was also agreed with VDC that the success of the program lies on bringing out of school children to school by providing scholarship to them and thus the VDC and the schools must play an active role in getting these children to schools. It was planned to distribute second installment of Rs 500 in next six months. Besides this program, RCP was continuing distribution of 30 scholarships under previous school based program.

However, some issues surfaced with program in Chhampi – a) change in status of local government with no elected representative holding posts made it difficult for VDC to make available its share for distribution of second installment in time, b) VDC was not serious in bringing out of school children to school, c) "Child First" program was covering all the children with scholarships and d) merit scholarship among the poor students debar poorest student who are weak in study due to economic status. The Fund committee decided to discontinue the Chhampi program to avoid same children receiving scholarship both RCP and Child First scholarships.

#### New Approach – School Based Program

The Committee decided to continue the previous school based scholarship program. In School year 2002-03, a minimum of 4 scholarships were provided to each school. The program was reviewed again and it was agreed to provide scholarship to 4 new students every year in each school in Class VI while continuing scholarship to old students and provide a merit scholarship to a student who stood first in Class, to begin with Class VI in Year 2003-04 and Class VI and VII in 2004-05 and so on. Also it was decided to continue with community based approach to bring out of school children to schools. All these activities will require additional resources and it was agreed to vigorously engage in resource mobilisation. The program and budget for school year in 2003-04 is given below.

source mobilization campaign. List of donors contributing to trust fund and regular annual contribution are listed below.

**Selection Procedure of New Student**

New students for scholarship are selected in Class 6 and scholarships are continued till they pass out from school unless they failed. For new children to be selected in Class VI, the headmaster prepares a list of 8 students based on economic and parental status of the children. RCP Fund Committee Member personally interviews all eight students and selects 4 new students based mainly on economic condition of the family as parental status and their profession, members generating income and enrolled in school. It is really difficult to reject four children out of 8 proposed.

Other VDCs, Dukuchhap and Sunakothe, have shown positive response towards this community based approach. Household surveys have been completed and out of school children were identified. RCP has planned to provide 25 scholarship each to Dukuchhap and Sunakothe in this year.

**Issues Identified**

There is concern on the scholarship sum being too small, Rs 100/month and should be increased. It is argued that the scholarship is just a supplementary and need not be adequate to cover all the expenses required for education of a child. Our target is to provide scholarship for 1000 students, let us achieve this target, then only we should consider increasing the amount.

**Commitments**

Our present commitment is to continue providing 4 new scholarships for students in Class VI every year in each school while continuing scholarship to old students being promoted to higher classes. To keep the present commitment, we will have to provide scholarship to 4 students each in Class VI to Class X and one merit scholarship each from Class VII to Class X in about 25 schools. Financial requirement would be as follows:

To meet above commitment, providing scholarship to 600 students, we must be able to mobilize almost additional 1.5 times of present resources. With the present trend of fund swelling and support of Rotarian colleagues, we hope to mobilize adequate resources otherwise the commitment will have to be curtailed. Our final target to provide scholarship to 1000 students is still hold good and is far ahead.

Schools	Students/School	Scholarship Amt	Amount
25	20	Average Rs 1200	600,000
25	4	Rs 1,800	180,000
		Total	780,000

**Appeal**

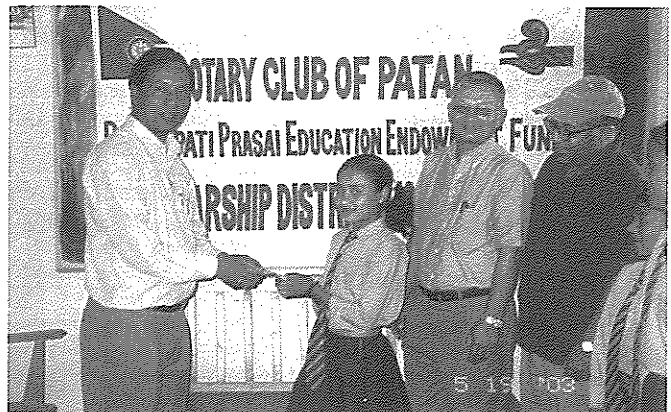

Till date only 20 Rotarians out of 42 members of RCP have made contribution to this fund. It is true that many of our Rotarian colleagues have contributed towards a Paul Harris Fellow and to many other philanthropic social activities. Our Rotarian friends should not have felt financial burden to contribute a small amount towards PP Education Endowment Fund to support at least a child either with an annual contribution of Rs 1,200 or a one time contribution of Rs

15,000 to trust fund. It is felt that full participation can be achieved progressively when one is fully convinced that a) it is a unique, prestigious and effective RCP program, b) well managed with transparent procedures and accounts, c) contributors are well recognised in all souvenir issues, d) contributors are well recognised in all souvenir issues, e) an eye-opener to implement Rotary program which emphasises on local contribution rather than foreign contribution, and f) the contribution will encourage fellow Rotarians for their active participation.

It is true that annual contributors name will be dropped in the list of contributors in Souvenir issue once the contribution is discontinued. It is thus worth to contribute to a trust fund rather than annual contribution. I appeal all the Rotarian friends to support the program and generously contribute voluntarily to it and make the PP Education Endowment Fund Program a success with 100% participation of our club members so that we could extend it to other Clubs as well.

Lastly, as a Coordinator of the Committee and on behalf of all the Committee members, I wish to thank all the donors, especially Rtn. Dr. Tulsi Maharjan of Rotary Club of Branchgurg New Jersey, USA, for their valuable contribution which also supported and encouraged us for our continued effort.

## Dreaming of Computer Project

- PP Rtn.Pushkar.M.Shakya

It was year 2000/2001 as I was President elect for that year, my mind was not stable, always dreaming and thinking what should I do next year as I was going to be president of the club. I was thinking I must do some thing which will benefit the society, and the country. Thus I thought, I must give total concentration on the education where all the Rotarian will be happy to do so. I thought, why not strengthen the P. P Education Endowment fund where this fund could play vital role in contribution to the society, by giving scholarships to the poor genuine students. My mind started to calculate how to increase the fund in this account. With all ideas on my mind I went to meet Rotarian Chandra Shekher Gyawali at his office. I put my proposal for the brainstorming. He said, why only endowment fund, why not to think giving the computer know how to the students of public school of Patan Sub-municipality. In this present world computer illiteracy is like not having arms to go to the depth of knowledge. Thus, the idea was created to hunt for the used computers around the Rotary world. I wrote to Dr. Bibek Bahadur Pradhan who resides in UK as to how he can help us to bring the used and upgraded computers, so that we can introduce the computer classes in the schools where the Government could not facilitate the computer classes till today; the efforts continued. Many offers were received which encouraged me, but there was a big slash when I came to know about the rules of not permitting to import the used computers by the Ministry of Environment. It was a big blow to me. I do not understand what idea or pressure groups makes the ministry to publish such rules, by which the opportunity to know how for the children has been taken away. If these rules were published by the pressure groups efforts I would say they are very shortsighted business communities who believe in quick money makings only. They forget more computer knowledge to the people means more business opportunities for the future. Why they forget in the long run they are the ones who sell more computers to these educated children. I think The Ministry of Environment of His Majesty's of Government must revise and make rules and implement the idea of mass education of computers to students of public school as well as all the schools. The Rotarians being member with the idea of "giving" and their belief in "Service above Self" is laudable. If Government has commitments of giving mass education to children of Nepal, we Rotarians can help bring more computers to the public schools.

However, with the continued efforts of Dr.Bibek and financial support of Rotarian Frank Lord of Rotary club of The Chesterfield U.K, we are in position to bring 27 computers into the country. Now we are planning to give 16 computers to Patan High School, the oldest school in Patan. We would like to make it a pilot project and the focal point for training of computer teachers from different schools in Patan in this fiscal year itself. The teachers then can start computer classes in their school too.

In the mean time, with efforts of our President Elect for 2002/2003 Rotarian Siba Bhakta Rajbhandary we are in position to bring more funds to buy new computers to distribute to various schools in Patan. Thanks go to him as well as Dr.Tulshi Maharjan who has been residing in New Jersey, USA and his club. Details of this project are given in Rotarian Rajbhandary's article.

Thanks to Dr. Bibek for his support making a start of the computer project.

## ललितपुरमा रोटरी मुटु रोग उपचार केन्द्र एक प्रस्तावित परियोजना

- रो. डा. प्रकाश राज रेग्मी

रोटरी क्लबको सामुदायिक सेवा अन्तर्गत धेरै नै स्वास्थ्यसँग प्रोजेक्टहरू सञ्चालित छन् । नेपालमा सञ्चालित स्वास्थ्य परियोजनाहरू मध्ये रोटरी क्लब पाटन कै सक्रियतामा स्थापित अर्थोपेडिक हस्पिटल र भक्तपुर क्यान्सर हस्पिटल उल्लेखनीय छन् । यी ठूला प्रोजेक्टहरू मध्येका हुन् । यसका अतिरिक्त ससाना थुप्रै परियोजनाहरू पनि छन् जसबाट नेपाली जनता लाभान्वीत भएका छन् । यसै सन्दर्भमा आगामी वर्षका लागि एक अर्को ठूलो प्रोजेक्ट प्रस्तावित हुन गैरहेको छ जसको बारेमा छोटो जानकारी दिन चाहन्छु ।

यो मुटु रोगको उपचारका लागि अस्पतालको स्थापना गर्ने प्रस्ताव हो । प्रश्न उठ्छ मुटु रोग नै किन ? किनकी यसको समस्या अत्याधिक मात्रामा बढ्दो छ र विश्व स्वास्थ्य संघको भविष्य वाणी अनुसार आगामी १० वर्षमा नेपाल तथा वरपरका क्षेत्रहरूमा यसको महामारी फैलनेछ जसबाट प्रत्येक घर परिवारमा १ जना व्यक्ति हार्ट अट्याक भएर अल्पायु मै मर्ने छन् । शहरीकरण र विकासको साथ साथै मुटुको रोग पनि परालमा आगो सल्किएर फैलिए जस्तै अति छिटो फैलिदै गैरहेको छ । आज नेपालका शहरी क्षेत्रहरूमा १० प्रतिशत जनता मुटुको रोगबाट पीडित छन् । मुटुको रोगले बाल्यकाल देखि नै आक्रमण गर्दछ । स्कूल जाने उमेरका धेरै नै बालबालिकाहरू बाथ मुटुको रोगबाट पीडित छन् । उपचारको अभावमा यिनीहरूले बाल्यावस्थामै ज्यान गुमाउनु परिरहेको छ । साधारण घाँटी दुख्ने फ्यारिञ्जाइटिसको समस्याबाट शुरु भएर जोर्नी दुख्ने बाथमा विकसित हुने अनी मुटुमा रोग पुगेर मुटुका भल्भहरूलाई बिगार्ने यो रोगलाई शुरुको अवस्थामै उपचार गरेको खण्डमा थोरै पैसाले रोग पूर्ण रूपले निको पार्न सकिन्छ । यस सम्बन्धमा जनचेतना जगाउने काम मात्रै गर्न सके पनि धेरै नै बाल बालिकाहरूलाई मृत्युबाट जोगाउन सकिन्थ्यो होला । अब रोटरी क्लबहरूले यस तर्फ पनि केहि कार्य गर्नु पर्दछ भन्ने मलाई लाग्दछ ।

हार्ट अट्याक अर्को ठूलो समस्या हो । छाती दुख्न शुरु भएको १ घण्टा भित्र आइ.सि.यू. मा राखेर उपचार गर्न सके मुटुलाई क्षति पुग्नुबाट पूर्ण रूपले जोगाउन सकिन्छ । ढिला भए ज्यानै जान सक्छ । हाम्रो देशमा मुटु रोगको उपचारका लागि उपलब्ध सुविधाहरू ज्यादै नै सिमित छन् । पाटनमा त यस सम्बन्धि सुविधा छैदैन

भने पनि हुन्छ । कुनै पाटनबासीलाई हार्ट अट्याक भयो भने उपचारका लागि बाग्मती तरेर काठमाडौं पुग्नु पर्छ । त्यहाँ पनि आइ.सि.यू. बेड खाली रहेछ भने उपचारमा ढिलाई हुन्छ र ज्यान खतरामा पर्छ । सरकारी स्तरबाट सञ्चालित बीर अस्पताल, टिचिङ्ग अस्पताल र शहिद गंगालाल राष्ट्रिय मुटुरोग केन्द्रमा विरामीहरूको चाप यति धेरै छ कि इमर्जेन्सी परेको बेलामा बेड नै पाइदैन । मुटुको अप्रेसन गराउनलाई १ वर्षको लाइनमा कुर्नु पर्छ । कुर्दा कुर्दै धेरैको ज्यान गैसकेको हुन्छ ।

पाटनमा सञ्चालित पाटन अस्पतालमा मुटुरोग उपचारको सुविधा छैन । ५ लाख जनसंख्या भएको ललितपुरवासीहरू मुटुरोग जस्तो खतरनाक समस्याको उपचारबाट बञ्चित हुनु परिरहेको अवस्था छ । यसै सन्दर्भमा ललितपुरमा रोटरी क्लबको सक्रियतामा एउटा मुटु रोग उपचार केन्द्रको स्थापना गर्न किन प्रयास नगर्ने भन्ने कुरा उठेको हो । पाटनमा एउटा नेपाल हार्ट फाउण्डेशन नामक संस्था छ जसले मुटु रोगीहरूको उपचारका लागि ललितपुर हार्ट क्लिनिक मार्फत केहि कार्यहरू गरिराखेको छ । यस संस्थसँग करिब १ करोड मूल्य बराबरका उपकरणहरू पनि छन् । यसले मुटुको अस्पताल स्थापना गर्ने लक्ष्य पनि लिएको छ । यस कारण पाटन रोटरी क्लबहरू मिलेर एउटा रोटरी मुटु रोग अस्पतालको प्रोजेक्ट ल्याउन सके ललितपुरवासीहरूको ठूलो कल्याण हुने थियो साथै समय मै उपचार नपाएर अकाल मै मरिन्छ कि भन्ने त्रास कम हुने थियो ।

यो ठूलो प्रोजेक्ट हो त्यस कारण लागानी पनि ठूलै गर्नु पर्ने हुन्छ । राम्रो सबै सुविधाहरू भएको मुटुरोग अस्पताल स्थापना गर्न १५-२० करोड रुपैया लागानी गर्नु पर्ने हुन्छ । सबै क्लबहरू मिलेर यस प्रोजेक्टलाई अगाडी बढाउने हो भने यो अवश्य सफल हुन्छ । यो प्रोजेक्टलाई विभिन्न चरणमा सम्पन्न गर्न सकिन्छ । विश्व मै न १ हत्याराको उपाधी पाइसकेको मुटुरोगको उपचार केन्द्र स्थापना गर्न अन्तराष्ट्रिय स्तरबाट पनि प्रशस्त सहयोग प्राप्त हुन सक्ने कुरामा म विश्वस्त छु । हामी सबै एकजुट भएर यसमा लाग्यौ भने चाडै नै ललितपुरमा "रोटरी मुटुरोग उपचार केन्द्र" स्थापना हुने छ ।

# रोटरी संस्मरण

- रो. कमलमणि दीक्षित

सबैका सुभेनिरमा लेखने मान्छेले आफ्नै क्लबको पदस्थापन-स्मारिकामा नलेखी हुन्छ ? भनेर मेरा मित्र (रोटेरियन सचिव) ज्ञानु शाक्यले उक्साएपछि हो यो मैले कलम समाएको । तर रोटरीको स्मारिकामा लेख्ने कुरा मसंग अब धेरै छैनन् । किनभने रोटरीका नियम कानून यस्ता छन्, यसोयसो गर्नु पर्छ भनेर मैले धाक लगाउन मिल्दैन । म अब बुढो भैसकें र मैले जानेबुझेका नियमहरू धेरै पुराना भैसकें । रोटरी इण्टरनेशनलले यता केही वर्षदेखि आफ्ना रूलनियमहरूमा यति घनघन परिवर्तन गर्न थालेको छ, हामी पुरानो म्यानुवल पल्टाउनेहरू त आउटडेटेड हुनपुग्छौं । त्यसै हुंदा म ज्ञानुजीको आग्रहको मान मात्र राख्न आफ्ना केही रोटरी-संस्मरणहरू मात्र कोरी पठाउने जमर्को गर्दैछु ।

तीसवर्ष नाघेछ मैले रोटरी प्रवेश गरेको । मलाई रोटरीमा लगेको रो. गुलाबबाबु हर्जानीले हो । उहाँ काठमाण्डू रोटरी क्लबको प्रेसिडेण्ट हुनुहुन्थ्यो त्यस बेला । के के प्रोसेस भएर मलाई लिइयो केही थाह छैन मलाई । तर इण्डकट गर्नेबेला मेरो औपचारिक परिचय दिने काम चाहिं जनरल अर्जुनशमशेरले गर्नुभएको थियो भन्ने सम्झन्छु । त्यसबेला डा. फ्लेमिङ सेक्रेटरीको काम गर्दै हुनुहुन्थ्यो । तर चाडै नै गुलाबबाबु र डा.फ्लेमिङले मिलेर सेक्रेटरीको काम मलाई जिम्मा लगाईहाल्नु भयो । रोटरी प्रवेश गरेको छ महिनाभित्रै म रोटरी क्लब अफ काठमाण्डूको सचिव भैसकेको थिएँ । काठमाण्डू रोटरी क्लबमा मैले त्यस पदमा बसेर धेरै नै सेवा गरें । पटकपटक गरी चारजना प्रेसिडेण्टका अन्तर्गत मैले सेक्रेटरी भएर काम गर्नु पर्‍यो । एकजना ग्रीक सज्जन, रो. स्कर्डियालिस पनि मेरा प्रेसिडेण्ट भएका थिए । यहाँको यु एन एजेन्सीमा कार्यरत स्कर्डियालिससंग बसेर काम गर्दा मलाई निकै रमाइलो लागेको थियो । तर मेरो सबभन्दा मन मिलेको प्रेसिडेण्ट भन्नु चाहिं त्यहाँ सोली मानेकशा नै हो । सोली हालका पीडीजी टेमसमानेकशाका दाजु हुन् । तर त्यसबेला टेमस भुटानमै हुनुहुन्थ्यो, काठमाण्डू आउनु भएको थिएन । यिनै सोली प्रेसिडेण्ट र म सेक्रेटरी भएको बेला (नेपालका) रोटरीको प्रतिनिधित्व गरी केही परे बोल्न भनि सोली माकेनशाले मलाई राजदरबार पठाएका थिए । त्यसबेला सामाजिक सेवा समन्वय परिषद्का अध्यक्ष बडामहारानी (श्री ५ ऐश्वर्य) का सामू उपस्थित भई आफ्नो संस्थाका बारेमा प्रतिवेदन पेश गर्नु पर्‍यो । बोलेर जाहेर गर्नु पर्ने भएकाले सोलीले आफू नगएर मलाई पठाएका थिए । मैले बोल्नु पर्‍यो र बोलेँ । रोटरीको यहा आफ्नो डिस्ट्रिक्ट नभएकाले

रोटरीले नेपालमा धेरै काम गर्न सकेको छैन भन्ने कुरा मैले त्यहाँ जाहेर गरेको थिए । त्यहाँ बोलिएका प्रत्येक कुरामा बडामहारानीबाट तोक-आदेश हुने रिवाज थियो । हाम्रो रोटरीका बारेमा पनि भयो । हुकुम भएको थियो "नेपालको आफ्नै डिस्ट्रिक्ट बनाउन प्रयास गर्नु" भन्ने ।

वीसवर्ष नाघिसक्यो यस कुराको, नेपालमा हामीले आफ्नो डिस्ट्रिक्ट बनाउन अझै सकेका छैनौं अर्को एउटा कुराको याद आउंछ मलाई रोटरीका कुरा सम्झदा । म त्यसबेला पनि काठमाण्डू रोटरी क्लब मै थिएँ । यो दिल्ली गएको बेलाको कुरा हो सन् १९८० तिरको । सन् १९८० तिर भारतको नयाँ दिल्लीमा आर.आई. प्रेसिडेण्टको एउटा साउथ एसियन कन्भेन्सन अफ गुडविल भन्ने रोटरी आयोजना भएको थियो । नेपालमा काठमाण्डूमा एउटा र विराटनगरमा एउटा गरी जम्मा दुईवटा मात्र रोटरी क्लब थिए त्यसबेलासम्म । विराटनगर करिब-करिब निस्क्रिय जस्तो थियो क्यारे, त्यस कन्भेन्सनमा नेपालको प्रतिनिधित्व गर्ने रोटरी क्लब अफ काठमाडौं मात्र भयो । त्यहाँ अरु कार्यक्रमका अतिरिक्त कन्ट्री-रिपेजेन्टिभ भएर नेपाली रोटेरियनले पनि केही बोल्नुपर्ने थियो । त्यहाँ गएका साथीहरूले त्यो बोल्नेमा मलाई पठाइदिए र मैले त्यति ठूलो सभामा बोल्नुपर्‍यो । म निकै डराएको थिएँ । नेपालमा रोटरीको स्थितिबारे प्रतिवेदन दिनुपर्‍यो । तर नेपालमा केही भएका थिएन विशेष, त्यसैले भन्नु पर्ने कुरा सान्धै कम थिए । कसैसंग के बोल्नु भनेर सोध्ने कुरा भएन, नेपालवारे लेखेर केही लगेको पनि थिएन, त्यसै हुंदा मैले आफ्नो बुद्धिले अलि "बढ्ता" कुरा बोलेँ । मैले भने (मोटामोटी रूपमा)- नेपालमा रोटरी क्लब भित्रिएको दुई दसक नाघिसक्यो तर त्यहाँ रोटरी फस्टाएन, दुईभन्दा बढी कलब स्थापना हुन पनि सकेका छैन । यो किन भयो, रोटरीका नियमहरू नै दोषी छन् कि नेपालीहरूमा केही कमी छ- रोटरी इन्टरनेशनलले अध्ययन गरिहेर्नुपर्‍यो । नेपाल, रोटरीका लागि केस-स्टडी गर्नुपर्ने विषय हो जस्तो मलाई लाग्छ । इत्यादि । मैले भनेको कुरा रोटरीका ठूलाठालुहरूले त्यो मननपराएको भेड मैले पाएको थिएँ त्यहाँ ।

यो कुरा चाहिं मैले पहिले पनि लेखिसकेकोले कुरा भएकाले कुरा फरक पर्ला भनी त्यही म जस्ताको तस्तै उताछु । मैले लेखेको थिएँ "आर आइले त्यो केस-स्टडी गर्ने कुरा पनि थिएन र गरेन पनि । आज वीसवर्ष पछि के भएर होला रोटरी नफष्टाएको नेपालमा म विश्लेषण गर्ने कोशिश गर्छु । रोटरीले सन् १९५९ मा नेपाल प्रवेश गरेको हो । त्यसभन्दा निकैपछि नेपाल भित्रिएको त्यस्तै सर्भिस क्लब भनिने लायन्सले फटाफट प्रगति गर्दै गई आफ्नो छुट्टै नेपाल डिस्ट्रिक्ट बनाइसकेपछि बल्ल जुमुराएर उठेको हो रोटरी नेतृत्व नेपालमा । त्यस बेलासम्म यो सुसुप्त अवस्थामै थियो, भन्नु सुतिरहेको थियो । किन ? रोटरीका नियमकानून लायन्सहरूभन्दा केही कडा

छन्, हो, तर त्यतिले मात्र रोटरीको मेम्बरसिप नबढ्ने हुनुपर्ने होइन । काठमाडौंको रोटरी क्लबले चाहेको भए दुईचारवटा नयाँ क्लब खोल्न नसक्ने स्थिति थिएन । त्यहाँ त्यसबेला निकै शक्तिशाली, हैकमवाला रोटेरियनहरू थिए । रोटरी भावनाले होस् नहोस्, एकदोटा क्लब त उनीहरू अरोटकै भरमा पनि खोल्न सक्थे । तर उनीहरूले गरेनन् केही । किन गरेनन् ? मेरो आफ्नै विश्लेषण हो, बेठिक हुन सक्छ । तर कसैमाथि आक्षेप नलगाई मलाई के भन्न मनलाग्छ भने पञ्चायती मनोवृत्ति थियो त्यसको पछाडि । राजा सर्वेसर्वा भएको र राजाको खुद संरक्षकत्व रोटरीले पाएकोले धेरैवटा रोटरी क्लब खुलेमा राजाको निगाहा बाँडिई आफू ड्यागमा परिन्छ

भन्ने उनीहरूको त्रास थियो, शायद । विराटनगरमा बल्ल एउटा क्लब खोल्न इजाजत दिए उनीहरूले, राजधानीबाट धेरै टाढा भएकोले त्यसले राजदरबारसागको आफ्नो निकटतामा कुनै खतरा उत्पन्न हुँदैन भन्ने लागेर होला । तर उपत्यकाभित्र त अर्को रोटरी क्लब खोल्न उपक्रम नै गरिएन । कलकत्ताका रोटरी पदाधिकारीहरूले धेरै प्यादा दिएपछि बल्ल पाटनमा एउटा रोटरी क्लब खोल्ने जमर्को गरियो, मन नलागी नलागी । मलाई त्यसका लागि जी एस आर बनाइयो । म निकै सक्रिय भएर त्यतापट्टि लागे ।” र पाटन रोटरी क्लब खुलेको हो सन् १९८५मा । यही हो मेरो यसपटकको रोटरी-संस्मरण ।

## FRIENDSHIP AS A BASIS FOR SERVICE

- PP Rtn. Rabendra R. Pandey

It was through a common friend Ms. Olga that I came into contact with Rtn. Robert Rose a few years back. It must be the meeting of two like-minded people that we got involved in various Rotarian projects over the years. One of them involved the Welfare Society for the Hearing Impaired at Bal Mandir, Naxal.

The financial resources of WSHI comprises of:

- a. Budgetary allocation from HMG
- b. Student fees
- c. Grants and assistance from International Agencies.

The Welfare Society for the Hearing Impaired (WSHI) Nepal is a national corporate body in the social sector geared to improve the quality of life of the hearing impaired people in Nepal since 1984. Its objectives are:

In the Rotary Year 2001/2002, Rotary Club of Patan and Rotary Club of Bellevue, Seattle (where Rob is a Past President), got together to implement an International Humanitarian matching grant project (No. 17790) to assist WSHI. The project involved the following elements:

- a. Offering education, training and employment opportunities to the children with hearing impairment with a view to make them productive citizens of Nepal.
- b. To rehabilitate those deaf who are without parents/guardians and are unable to find means of livelihood for themselves.
- c. To contribute to the proper diagnostic treatment, control and prevention of deafness.

- a. Adding one floor in the existing building of WSHI.
- b. Furnish a recreational Hall for the use of the deaf students.
- c. Furnish a library for the deaf students including books.
- d. Provide computers for the use of the deaf students
- e. Provide a bus for the use of the deaf students.

In order to meet these objectives WSHI is involved in various activities. Besides its Central School located at the Bal Mandir, Naxal, it manages similar schools at Dharan, Rajbiraj, Bhairawa, Surkhet and Pokhara.

As the matching grant fund could not be used for construction, Robert Rose and his Mother Arlene Rose paid towards the cost of the floor addition in memory of their father/husband Mr. Kenneth J. Rose. The matching grant fund was used to provide all the other items listed above. The total cost of the project was NPR 19,73452.00. The project was completed within the stipulated time frame.

Since January 1995, WSHI has been running a four-year project "Support to the Nepalese Deaf and Hard of Hearing People". This project covers training of the teachers, refresher training for the teachers, sign language training of the parents/relatives of deaf, technical support service to the Basic and Primary Education Project/Special Education Unit, development of curriculum and teachers guides, development of teaching and educational materials and guidance and counseling services to parents at central and district level

It is because of the Rotary movement that Rob and I were able to become very good friends over the years. This friendship was the basis of this project which I believe will help the hearing impaired youths of Nepal to develop their talent.

Future activities of the WSHI include:

Thank you Rotary for giving us this opportunity to serve.

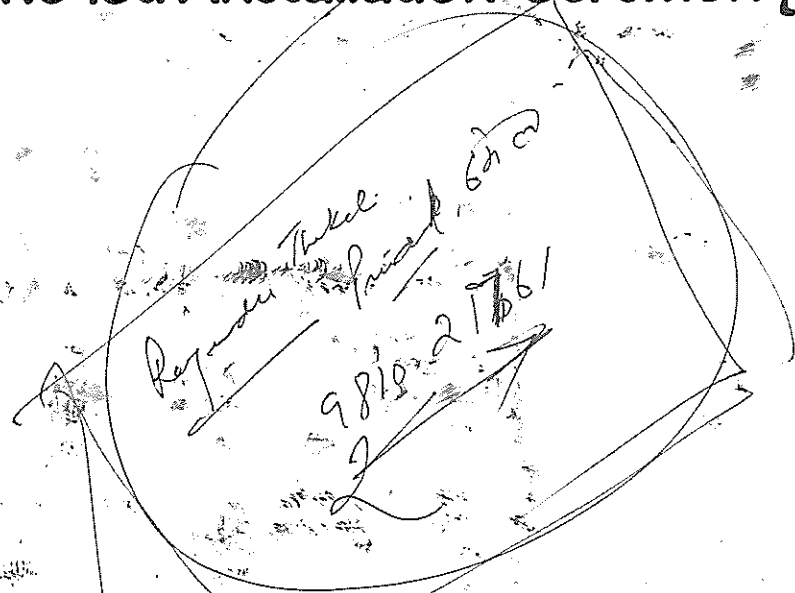

- a. Training on Education of Deaf
- b. Nepali Sign Language training
- c. Counseling services to parents
- d. Interpreters training
- e. Training on use of teachers guide.
