To eradicate polio in India, Rotary members displayed impressive coordination and commitment. So it should come as no surprise that Rotary members in Chennai, Tamil Nadu, were able to mobilize more than 40,000 people to create the world's [largest human national flag](#). The tribute to the polio eradication effort qualified as a Guinness World Records-breaking achievement.

"What impressed me most was that all of Rotary was represented: Rotaractors, Interactors, and Rotarians," says RI President Gary C.K. Huang, who participated in the event along with his wife, Corinna, and other Rotary senior leaders. "They brought their classmates, friends, and co-workers. I think that says a lot about how important it is to the people that India is polio free."
